Ruggedized Keyboard and Pointing Device

Industrial-grade Ruggedized Backlit Waterproof Keyboard
Designed for the Toughest Environments

Inspired by our broad ruggedized computing solutions for mission-critical applications, we are introducing the Ruggedized Keyboard and Keyboard & Pointing Device Kits.

The RK-88K and RK-108K ruggedized keyboards are designed to be easily integrated into any design and mounted enclosure.

On the other hand, the RK-88 and RK-108 ruggedized waterproof keyboards are complete user input solutions ready to withstand the toughest environments.

Why choose RK-88/RK-108

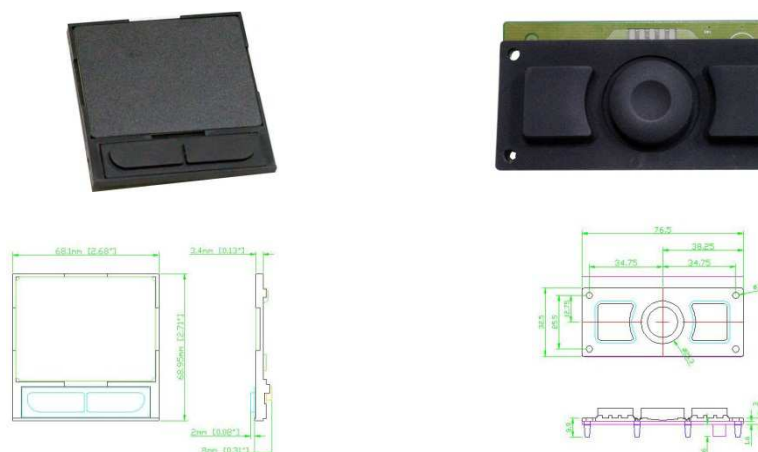

- Backlit with 3 levels of brightness (RK-88)
- IP65
- PS2 / USB Interface
- Lightweight aluminum-alloy chassis
- Operate Temperature: -20 to 60°C

Silicon Rubber Backlit Waterproof Keyboard and Pointing Device Kits

Our RK-88K, RK-108K keyboard as well as TP-1 and RP-1 pointing device kits allow easy custom integration you're your own user input solution. These are perfect for industrial and commercial applications including plant floor, outdoor kiosks and mobile applications.
